

Henry County Education Fund

a legacy project of
Henry County, Indiana's
Bicentennial Celebration

Scholarships for Post-secondary Education

The Henry County Education Fund (“Fund”) is a community-based initiative born from the 2022 Bicentennial Celebration to positively impact the area’s future residents. The Fund is held by the Henry County Community Foundation. The initial investment is from the 2022 Bicentennial Celebration.

Specifically, the Fund’s initial goal is to improve the accessibility and completion of post secondary certificates through Ivy Tech Community College, with a preference for certificates offered at Ivy Tech Henry County (3325 State Road 3 in New Castle).

The initial goal is to fund 2 to 4 scholarships in 2024. The Fund will offer last dollar scholarships for the completion of certificates.

The long-term goal is to fund 100 + scholarships by 2032, Henry County’s 210th Birthday.

Another long-term goal is to have the capacity to offer scholarships for degrees.

Higher educational attainment supports community prosperity.

Who can Apply?

- Henry County high school seniors with a minimum 2.0 GPA
- Residents of Henry County with a high school degree or equivalent
- Adults employed in Henry County with a high school degree or equivalent

How to Apply?

1. Schedule an appointment at Ivy Tech by calling 765-599-2613 or contact Jeannie Hamblin-Fox via email at jhamblin@ivytech.edu.
2. Apply for FAFSA at studentaid.gov/h/apply-for-aid/afsa
3. Apply for the Fund scholarship at henrycountycf.org/scholarships/

Scholarship resources are limited. Apply early.

What is a Last Dollar Scholarship?

The Fund provides financial assistance to offset tuition and mandatory fees associated after gift aid has been credited to tuition and mandatory fees within Federal and State regulations. “Gift aid” is defined as Pell, Indiana state grant awards and any other scholarships. Federal and state aid are applied to the student’s account first, the Fund’s Scholarship is applied to any remaining balance after all other aid has been exhausted.

Sustainability

The Henry County 200 Planning Committee, with the help of sponsors, is providing approximately \$75,000 for the creation of an endowment to fund future scholarships. Endowed funds are permanent and scholarships are paid from only the earnings; not the original gift amount.

The Fund is interested in offering current scholarship opportunities while growing the endowment to provide more scholarships in the future. The goal is to offer 100 scholarships by 2032, Henry County's 210th birthday.

*Please consider making a donation to the Henry County Community Foundation and note:
Henry County Education Fund.*

Employer / Business Partnerships:

The Fund is open to partnerships with local employers interested in advancing the skills of their workforce.
